PATTERNS & MOLDS

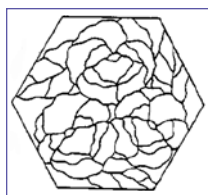

MOSAICS are small pieces of glass, ceramic, or rock that have been arranged to create pictures or designs. People have used mosaics to pave their walks and decorate their walls and ceilings with texture and color.

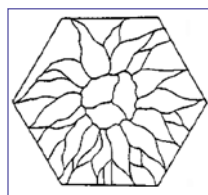

In this section of the catalog you will find the necessary molds to create everything from mosaic stepping stones, bricks, benches and garden accents to mosaic coasters. Individual patterns for these mosaic molds are illustrated here.

Excellent instructional information and even **MORE PATTERNS** are available in book form. A list of titles with their descriptions is listed in the **BOOK SECTION OF THIS CATALOG SUBTITLED: MOSAICS!!!**

3-D CASTINGS

Flight Into Fantasy

This line of castings combines realistic, detailed three dimensional cast bodies with wings and tails that you construct from stained glass. The silver colored cast bodies are made from an alloy that will accept copper or black patina. Each body comes with a pattern and instructions. Order by catalog number listed below. Catalog number is followed by description and then finished size (width x length).
